## PROFILE

A well-rounded and professional team player with a love of education, all things science and the desire to excite, advocate and educate others about STEM curriculum.

## EMPLOYMENT HISTORY

### STEM Teacher, Canyons School District, East Sandy Elementary

Sandy, UT

Jul 2020 — Present

- Based on International Society for Technology in Education (ISTE) Standards for Students, I teach a curriculum that is strong in the critical 4C skills (Collaboration, Critical Thinking, Communication, and Creativity).
- Organized learning resources and the classroom environment to facilitate a positive learning experience through project based learning methods.
- Creatively developed and integrated lessons to supplement curriculum for subjects such as Coding, Engineering, Science, Robotics, Digital Citizenship, Mathematics and Computer Science.
- Allow and encourage students to realize their individual goals and objectives.

### Substitute Teacher, Stanislaus County of Education

Hughson, CA

2008 — 2020

- Filled in for teachers for multiple subjects and grade levels (K-12).
- Ability to follow guidelines while also having to be flexible working in high stress, low direction situations.
- High reliability, communication, and teamwork skills.
- Was preferred district substitute teacher for STEM classes through all grade levels.

### Agricultural Biologist , Merced County Ag Commissioner Office

Merced, CA

2006 — 2007

- Presented and educated growers, and operators using various training sessions and teaching techniques.
- Inspected for and enforced quarantine laws relating to the prevention of the introduction or spread of pests. Issued certificates of inspections for export and import of agricultural commodities.
- Managed grower compliance with laws and regulations concerning pesticides and issued restricted materials permits to growers per federal mandates.
- Conducted field review and inspection of pesticide use based on crops to be sprayed and drift possibilities to surrounding areas.
- Interviewed and conducted fact finding investigations of potential pesticide poisoning/ chemical incidents and issues notice of violations if appropriate.

**Lab Technician- Seed Pathology Dept. , Harris Moran  
Seed Company**

Modesto, CA

2004 — 2006

- Conducted routine seed health assays including test application, materials preparation and cleanup determining virulence of bacterial, viral and fungal pathogens, including host propagation, inoculation, evaluation and data recording. Maintained databases.
- Evaluated specific tests and recorded test data. Assay methods included extraction of pathogens from seed, liquid plating seed wash, ELISA, PCR, blotter assay, grow-out and other seed health testing procedures.
- Supported the Seed Pathologist in all areas of lab duties as requested and assisted in research and development projects in seed health, seed production and breeding support as requested.

**QA Lab Technician , California Dairies Inc**

Turlock, CA

2003 — 2004

- Gathered, prepared, and analyzed in-process, incoming and finished products for analytical and microbiological components. Including the following: raw milk, pasteurized milk, cream, butter and sewage water.
- Prepared agar and reagents for lab testing.
- Generated COA's based on lab results.
- Performed plant wide quality audits & inspections to ensure all employees are complying with good manufacturing, safety, food safety and quality assurance practices.

**EDUCATION**

---

**Full Stack Web Developer Bootcamp , University of  
Utah**

Salt Lake City, UT

Jan 2021 — Jul 2021

**Bachelors in Agricultural Science, Biology , California  
State University, Stanislaus**

Turlock, CA

**Associate in Agricultural Science , Modesto Junior  
College**

Modesto

---

**The Medal of Merit (Camm)**

California
